

CONGRESSIONAL.

The Monetary Bill Passes.

Senator Bacon Presents Resolutions—Arbitration Favored.

WASHINGTON, Jan. 30.—By a decisive vote of 46 to 4 the senate passed the bill for the appointment of the commissioners to an international monetary conference. The closing debate brought out several notable speeches, including those of Hoar, Vilas, Jones and Gorman, Allison and Carter. It disclosed the fact that little opposition existed against the bill, the only division being as to the expediency of seeking bimetallicism through an international agreement. As voicing the general views on the Democratic side, Jones and Gorman favored its adoption exactly as the Republicans desired, in order that the responsibility might be theirs.

Hoar's speech attracted attention as the most noteworthy utterances of the veteran senator in recent days. He spoke of his observation in Europe during the last summer, his agreeable discussion with M. Melin and Booreau in Paris, had Mr. Balfour in London on the advance of bimetallicism. Hoar expressed his conviction that the four great nations, the United States, Great Britain, France and Germany, were fast and inevitably tending toward a bimetallic agreement.

During the day Morgan, failing to secure an agreement for a vote on the Nicaragua canal bill, announced that it would be urged to a conclusion on Monday.

Senator Bacon of Georgia, presented in the senate resolutions declaring that the United States desires to maintain peace with all the world and favoring international arbitration for the settlement of all differences with any other nation, where they fail to adjust a diplomatic negotiation.

The resolutions declare that the United States avows this method of avoiding war as its future policy and invites all civilized nations to make corresponding declarations. The resolutions were referred to the committee on foreign relations.

Seven Months With Fever.

Mr. Baird's rapid and marvelous recovery from a more skeleton to his normal weight, 250 pounds, was surely the fullest test of the strongest strength-giving and building-up medicine ever produced, namely:

Dr. Miles' Restorative Nervine.

J. H. BAIRD.

"Gentlemen—I wish to express to you my gratitude for the great good that Dr. Miles' Restorative Nervine has done for me. I was taken sick with typhoid fever and I laid in bed for seven months. After getting over the fever I was thin, nervous and tired, and did not regain my lost strength. I tried several proprietary medicines, and finally, after having been reduced in weight to 135 pounds, I began trying your Nervine, and at once began to improve. Was finally entirely cured, and today I can say I never felt better in all my life, and weigh 270 pounds. This is my normal weight, as I measure 6 feet 5 1/2 inches in height."

South Bend, Ind. J. H. BAIRD.

Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at \$1.00 a bottle for \$5.00 or it will be sent prepaid on receipt of price by Dr. Miles Medical Co., Elkhart, Ind.

Judge Sears, of Portland after much labor, has secured 13 cots for Jurors who are out all night. This will be a great convenience.

Sam. Bailey, a gambler, who was sentenced to 50 days' imprisonment in the Douglas county jail, in lieu of a \$100 fine was released last week, after serving 28 days, on condition that he leave the state.

Property owners in Baker county will get off this year with a tax off only 46.3 mills on the dollar. Besides the county and state tax, amounting to 28.8 mills, the city and school districts taxes are 17.5.

C. Robinson, of Lone Rock, Morrow county, lost the thumb from his right hand the other day while out hunting coyotes. His dogs began fighting, and in trying to separate them one of them snapped off Mr. Robinson's thumb.

A Waltsburg Wash. preacher has sued the editor of the Times for \$15,000 damages done the reverend gentleman by the publication of an article criticising a sermon delivered by him last July. The plaintiff is Rev. Tickner.

Prof. Williams, school superintendent of Grant county, whose obituary has been published in several newspapers has revived and resumed charge of the Prairie City school and the obstinate pupil who did the cutting is a fugitive from justice.—Prineville Review.

The importation into Benton county of seed wheat, made necessary by the November freeze, has begun. Tuesday night the Corvallis mills received via the steamer Ruth, 2000 bushels, which is to be distributed among neighboring farmers, the greater portion of it being already engaged.

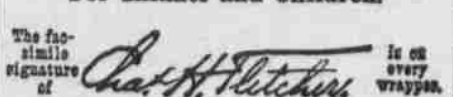

Nearly the entire force of men employed on the new fortifications at Fort Stevens have been discharged, only those working on the steam shovel being retained. How long the latter force will remain probably depends on the amount of money on hand to continue the work.

Hopdealers in McMinnville are of opinion that not more than 10 per cent of the yards of Oregon have been plowed up. The higher prices prevailing during the latter part of the hop season stimulated the growers to such an extent that every yard that was left unplowed last year, and which was intended for destruction, will be cultivated. This will have an effect on next year's prices undoubtedly, as, in the opinion of hop men, at least 40 per cent of the hop acreage of Oregon would have to be destroyed before the market would be affected sufficiently throughout the United States to make a boom in the price of American hops.
